TITLE : NETWORK DEVICE OF OFFICE
INFORMATION DEVICE

ABSTRACT : PURPOSE: To confirm a message of a work station on a printer by a communication between the work station and printer which are connected to a network and to sends the confirmation back.

CONSTITUTION: Indications are inputted according to a display on the display device 21 of the work station so as to prepare print instructions. A copy quantity, the kind of an icon, a user name, the size of a form, etc., can be indicated in the print message. Further, priority order and secret items can be commanded by using an 'optional display' field. This command is displayed on the display device of the printer and an operator of the printer inputs the confirmation message, which can be confirmed on the work station side.
